

18. Term 2, Day 1 Remote Learning

Dear Families,

As we are about to launch our first day of the remote learning program, we wish to sincerely thank you for your trust and importantly your support, with the delivery of this quite unique program over the coming weeks. Shortly, all students will receive an introductory email from their teacher outlining a detailed and comprehensive program to commence the day's learning. All staff will be available and contactable throughout the day as outlined in each specifically tailored plan. Whilst our hope is for a seamless transition, we ask for your patience and understanding as we look to roll out remote learning tasks across the entire school, using a range of platforms.

In time, your feedback will be welcomed, however, please note, we have taken some gentle and cautious steps to begin with as we look to acknowledge the nature and varying constraints to execute such a program for home learning.

Finally, we congratulate the staff, who have invested significantly in this learning program over the past few weeks. We are so proud of their dedication and adaptability, as nothing has been too much to ask of them over this particularly uncertain period for all. We know their efforts and commitment to your households will be unwavering and reassuring for our children and families.

Be kind to yourselves today as we continue to support all families in the weeks to follow.

Have great day,

Simon, Sarah, Claire and Bek
